## **EJCCA CEDED CLUB CRICKET FACILITIES**

This booklet highlights the **Cricket Facilities that are Ceded** to the Association for the **entire** EJCCA Summer Club League Cricket Development Programme for the 2018 / 2019 Cricket Season as submitted by each Affiliated Club on the team entry application to the Association. The EJCCA reserves the right to utilise or amend fixtures as the need may arise. The Association would like to thank each club for their continued support and hard work required to ensure all cricket fields are prepared correctly and timeously each week.

The Association has worked **relentlessly** hard to **“Maximise as best as possible fixture permutations and team league allocation in relation to the limited number fields available to accommodate participation by all applicants”** The magnitude of such a task is not fully understood by some and is definitely not for the faint hearted. Some teams may have more home matches than others, while others may travel away more.

Therefore, the Association would appreciate the support from all Club Officials and Parental support structures to **“embrace this fact”** in a constructive and positive manner in the **“interest of ensuring our young players get to play as many matches as practically possible in which ever league allocated”**, given the constraints relating to limited cricket fields.

Affiliated Club should to **seek, and secure** additional Cricket Playing facilities by forming a partnership with local schools as is the case with a few clubs this year, which would enable the association to further improve the cricket programme. Without your support, growth is now limited.

**NOTE:** All Clubs are **Sharing** their **Fields** with other teams, please **check all fixtures** relating to **your HOME fields and not just your own teams**, as each club is **required to ensure** all their facilities are prepared as per the fixture planner and as amended by the EJCCA from time to time.

Therefore, Clubs or their Team Officials are **NOT PERMITTED** to change matches at CEDED Fields Listed or add any additional matches without the **APPROVAL** of the EJCCA Junior Club Cricket Coordinator, Mr Jason Horwell. The reason being is that the Association as a Huge Fixture Planner from which to work from and there may be a need to move a fixture from one field to another, only to find that someone has decided on their own accord to change arrangements **without Knowledge** and approval of the EJCCA, thus causing undue and unnecessary **confusion**, frustration and heated arguments between club and team officials due to the fact that **PROPER PROTOCOL** was not **FOLLOWED** correctly. This only tarnishes the image of the the Association and hard work invested. Then it is left to the Association to resolve undue tensions between clubs.

**However**, if a Club or Team Official requires to relocate any given fixture to an **alternative UNCEDED** Cricket Facility, **i.e.** to a school field in **close proximity** of the original fixture, it **MUST** be done with **TIMELY AGREEMENT** with the Opposition. Please note any **additional transport** costs that may be **incurred** with respect to Emerging Club Teams shall be for **the cost of the hosting Club** if such matches are relocated to unceded playing facilities far from the original venue. **Also, if any Club team is on a bye weekend, additional friendly matches may be arranged between club teams on UNCEDED Cricket Fields at the Clubs own costs.**

**Special Note**

Please use the contact details for each club as contained in the 1<sup>st</sup> Half Fixture Books or as listed in the Pdf document on the ECU Website for now.

It should be noted that the EJCCA has received Club Team Entries that exceed the number of playing facilities available. This has been further compounded with the fact that a number of FIELDS from the 1<sup>st</sup> half of the season are no longer available.

Then there are a number of FIELDS that are not available on certain weekends which has made the fixture planning rather difficult.

The EJCCA thanks each club for their support in allowing the EJCCA to fixture matches at your respective venues for teams that may not be necessary be from your own club. This is required to improve our ability to ensure as many teams play this great game. THANK YOU

Kind regards  
Mark Kingham  
EJCCA Chairman
